

Arthritis Health's return patient cancellation/no show policy

We ask you to show consideration by notifying our office at least 24 hours in advance if you are unable to keep an appointment. We would like to have the option to offer that appointment to another patient who needs to see the doctor.

This letter serves as notice that if you fail to give us a 24-hour notice of cancellation or no show to the appointment, there will be a \$25.00 cancellation/no show fee billed to your account. You will bear complete financial responsibility for this fee.

Thank you.

Your team at Arthritis Health.
